ANNOUNCING

**Upgrade Solutions Now Available
for Your Older Thickness and Coating Gauges . . .**

*Replace Existing Obsolete Gauge Electronics
with Supportable Hardware & Software*

RSI offers gauge upgrade packages for older DMC isotope and x-ray thickness and coating gauges as well as some Loral/Weston gauges.

**We can re-use your C-frame or O-frame to minimize installation time.
This means shorter downtime and lower cost for you.**

**Basic upgrade package includes replacement of:
Gauge Processor -- Display Chassis
Power Supply Chassis -- Operator Terminal**

**All *RSI* upgrade packages include:
New documentation (drawings + manuals)
12-month parts and labor warranty**
